

GREEN RECOVERY FOR ALL COMMUNITY COMMITMENT

Dear Elected Officials,

We, the undersigned community stakeholders, commit to working with Local Government leaders to implement a green recovery for all. We envision an implementation of the American Reinvestment and Recovery Act of 2009 that:

1. Creates **quality green-collar jobs** with family-supporting wages and benefits;
2. Ensures **transparency and accountability** through a community-based, participatory planning process with seats at the table for members of community organizations; and
3. Supports **pathways out of poverty** into self-sufficiency by maximizing career training, job training and supportive services for low-income people, people of color and women.

We ask you to join us by signing the Green Recovery For All Local Government Commitment.

We're ready to work and ready to serve. We're ready for green jobs now.

When signed, please share your Commitment with Green For All.
